Policy to deal with Internal Examination related Grievances is Transparent, Time-bound and Efficient

Since 2017-18 our university has introduced semester pattern and the paper pattern is divided into 80:20. Since then the internal assessment has become the compulsory duty of the teacher and of the institute. The CDC & IQAC of the college has made some rules and regulations regarding the internal assessment. If it is a matter of university, the university has its own mechanism. As far as our college is concerned the internal marks are given with crystal clear transparency. Every teacher takes the viva-voce of his/her subject. They also ask for the assignment from students. Their punctuality is also checked and the two unit tests in each semester are taken by all the teachers. Then the list marks of the unit tests are displayed on the board. If any student is having any complaint regarding the assessment; there is a grievance committee to resolve the issue. The concern committee takes the decision within three days and resolve the issue. Thus the grievances are resolved in strict time and the grievance committee for examination works efficiently so that the students should get the result immediately.
